Intro to Machine Learning with CNTK

Anton Dolhopolov

Microsoft Student Partner

f @dolhopolov

What is Machine Learning?
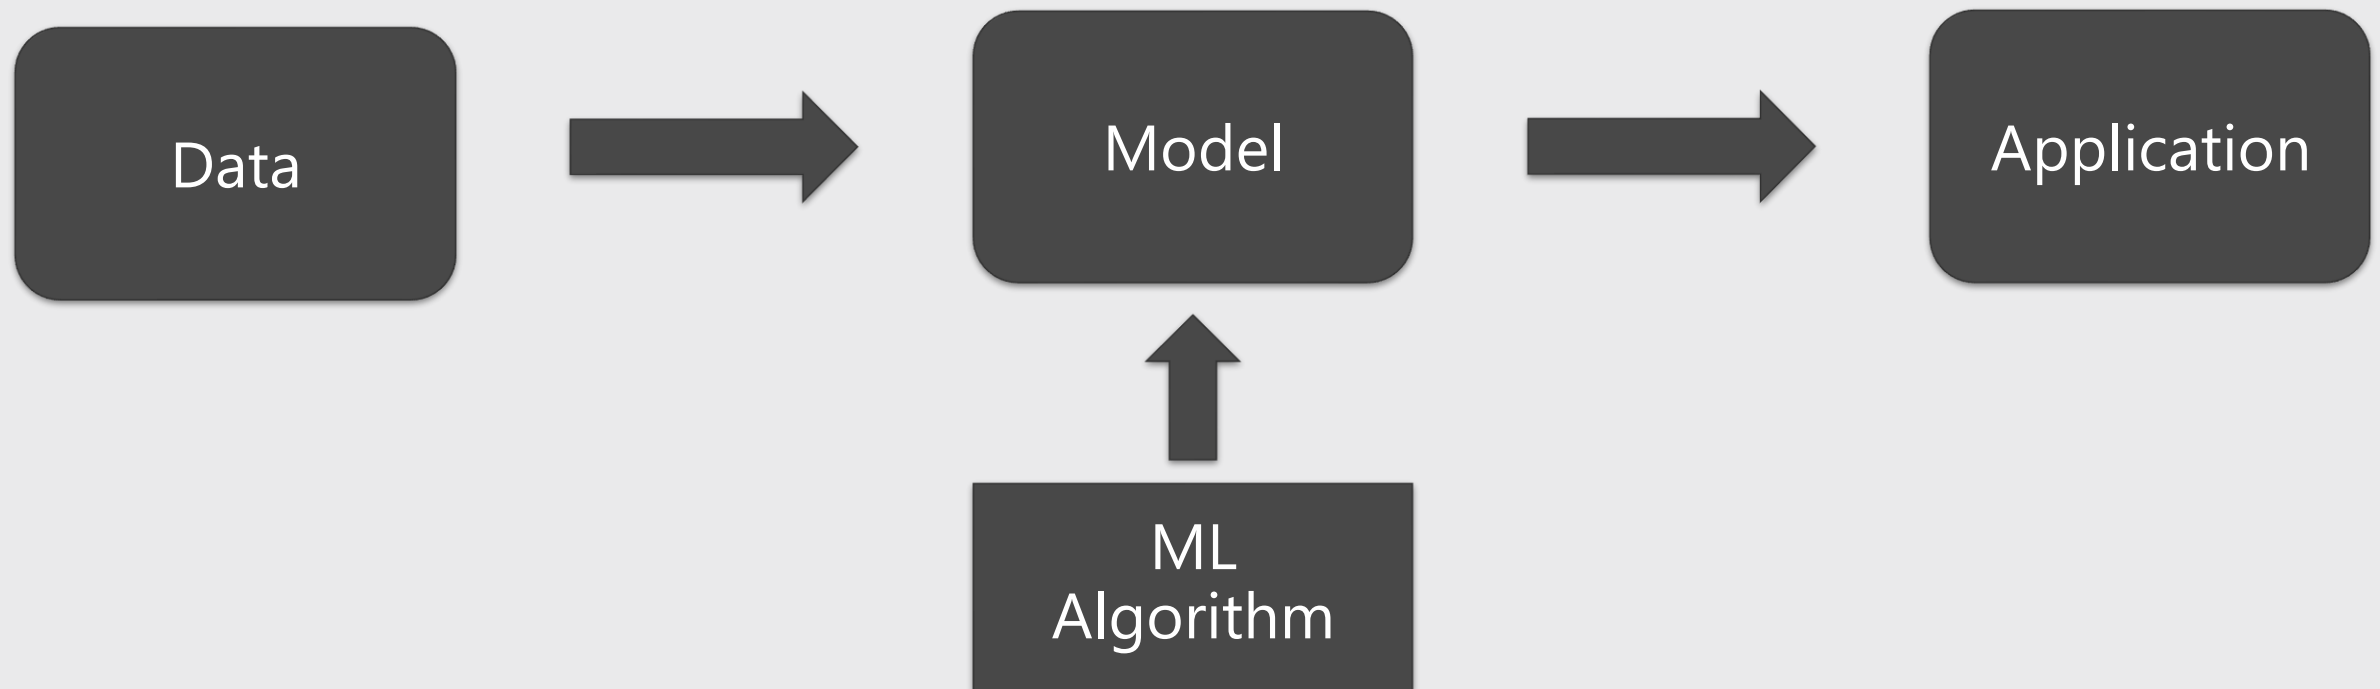

What is Machine Learning?
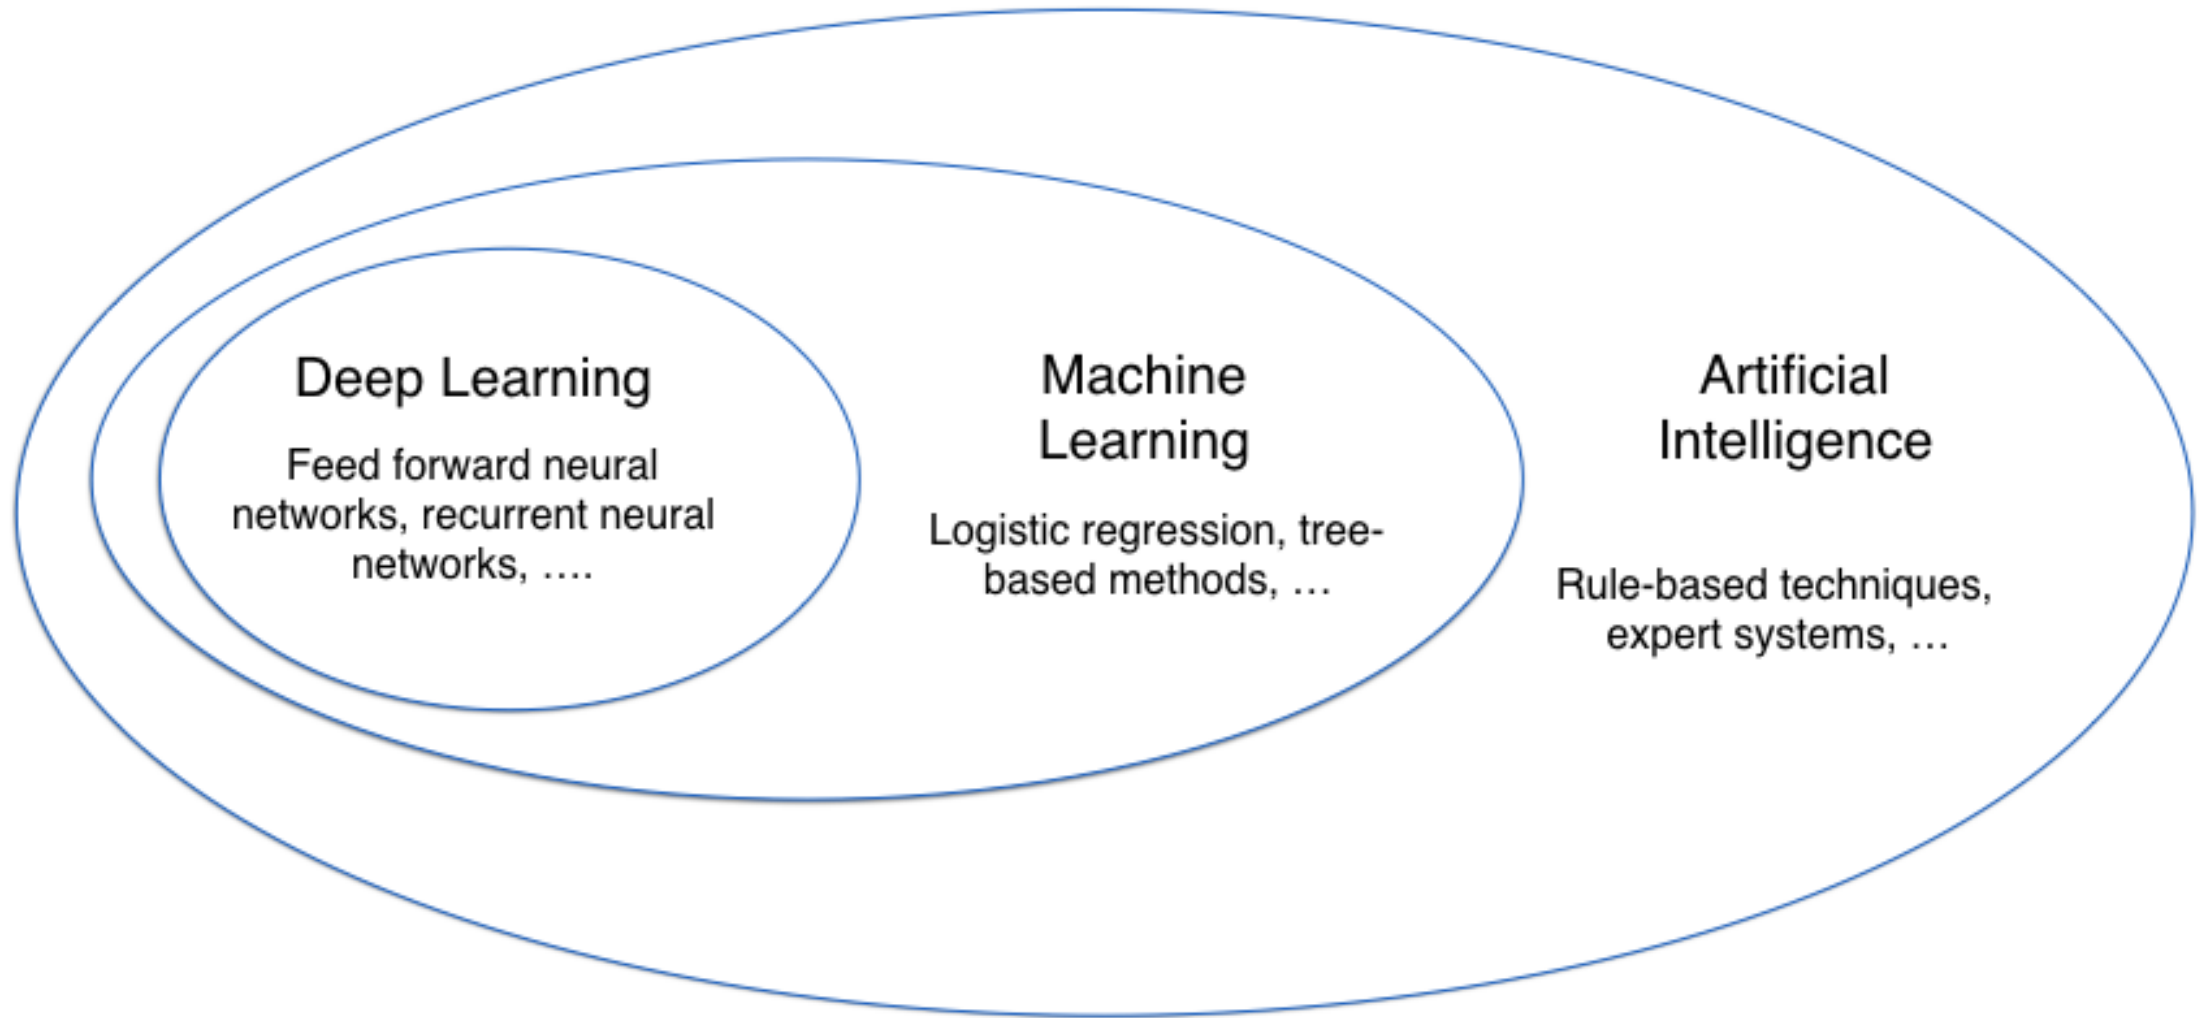

What is Machine Learning?

"**Machine learning** enables computers to **learn from data** and experiences and to act **without being explicitly programmed**."
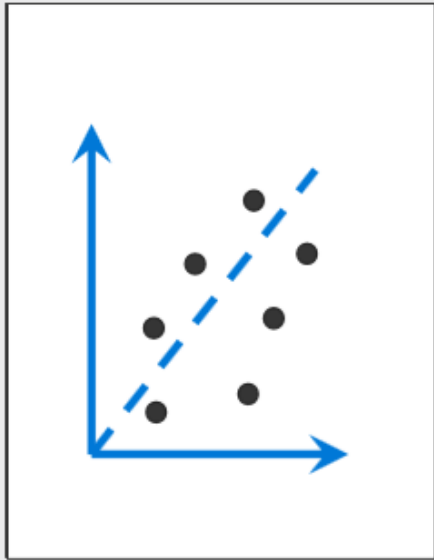

What is Machine Learning?

"**Machine learning** enables computers to **learn from data** and experiences and to act **without being explicitly programmed**."
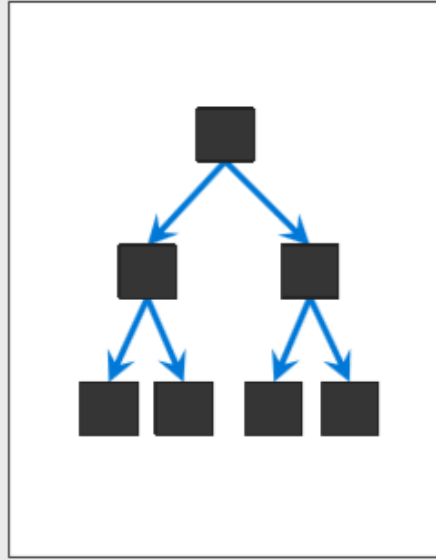

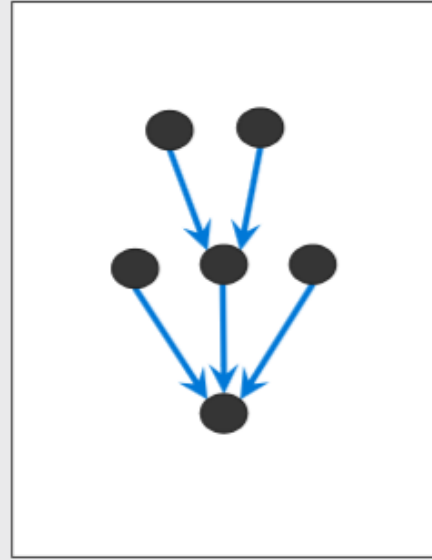

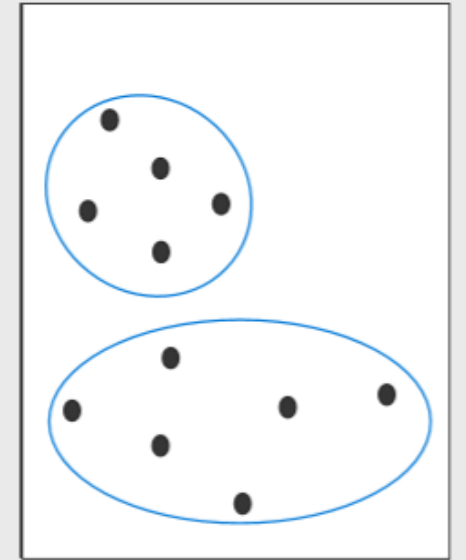

Where did it come from?

Deep Learning

Feed forward neural networks, recurrent neural networks, ….

Machine Learning

Logistic regression, tree-based methods, …

Artificial Intelligence

Rule-based techniques, expert systems, …

Machine learning approaches

Regression   Decision trees   Neural nets   Bayesian   Clustering
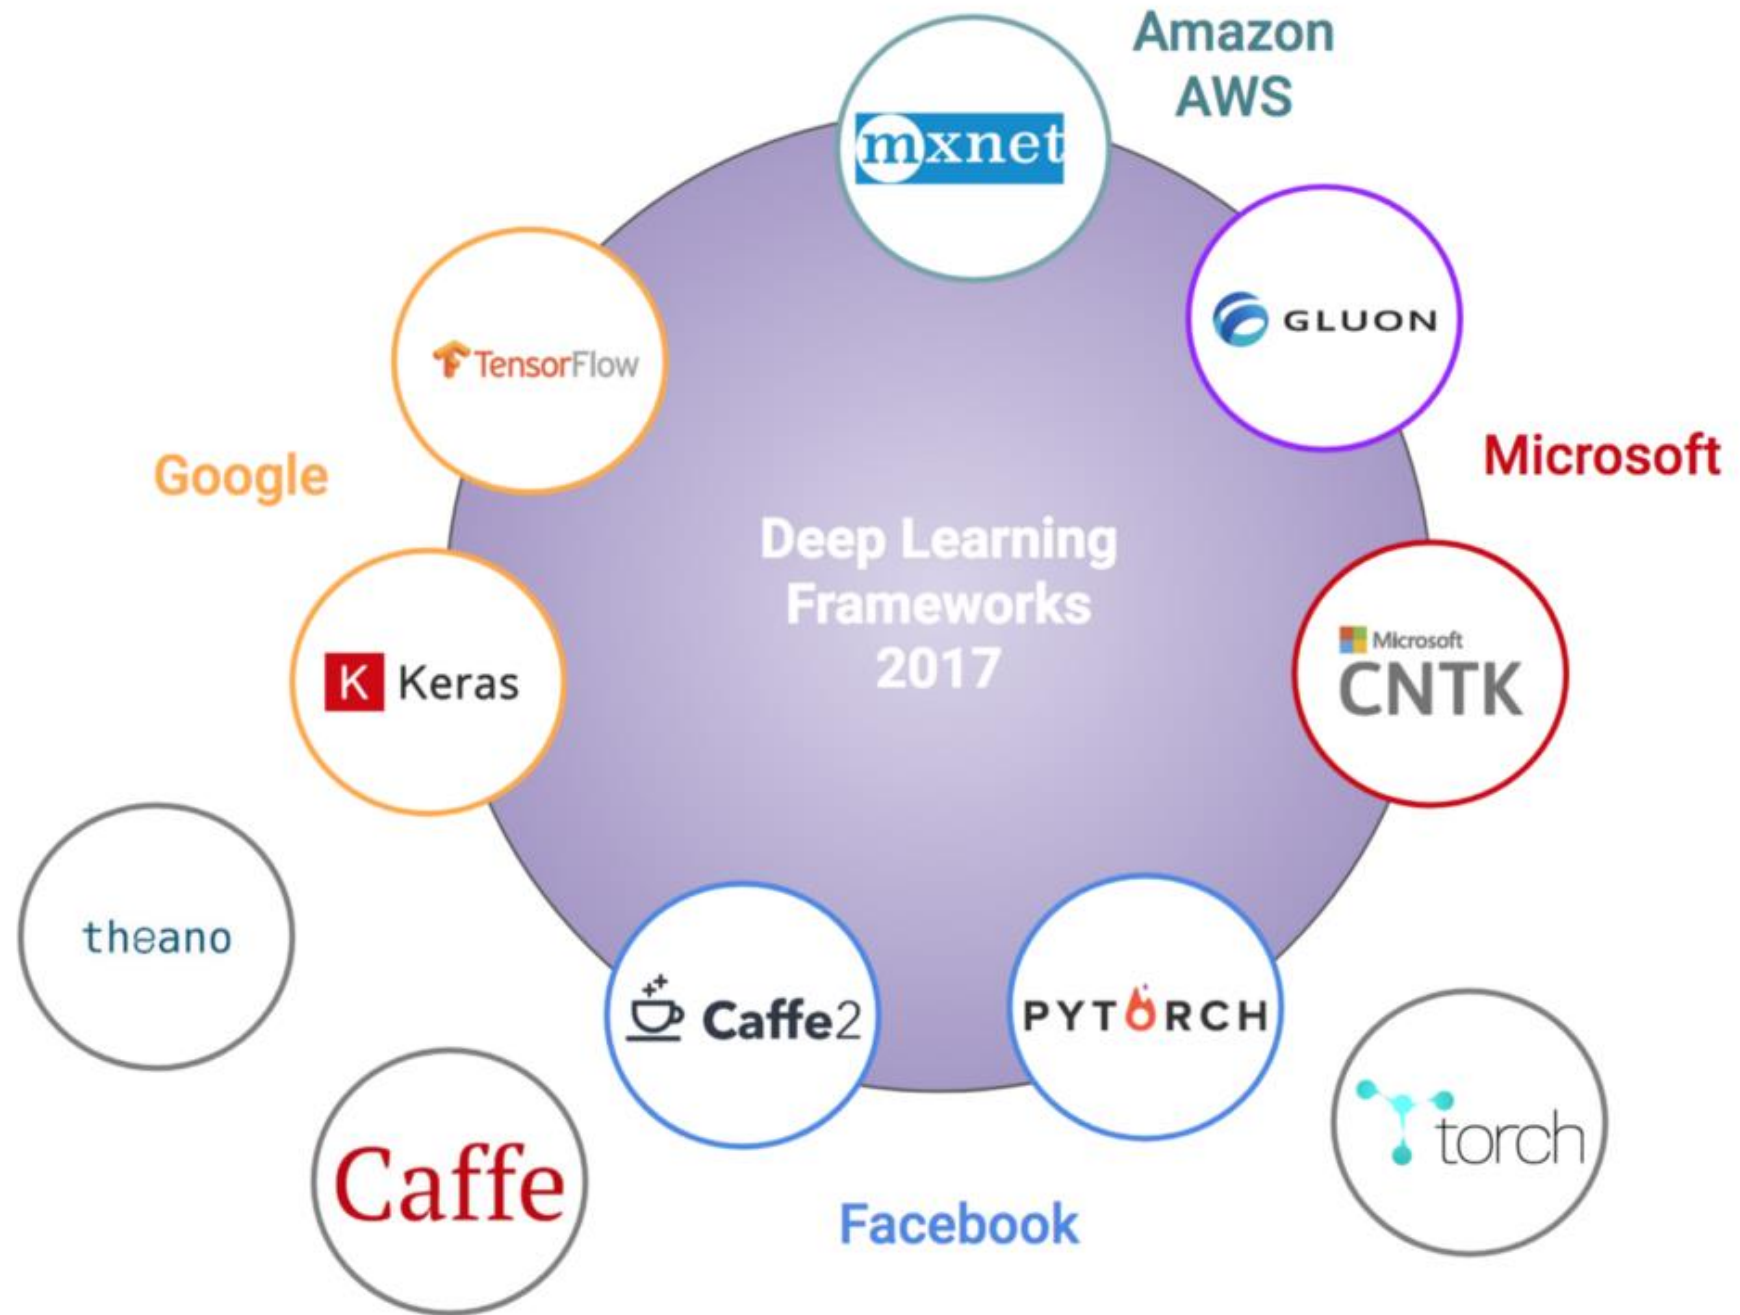

$$P(A|B) = \frac{P(A)\ P(B|A)}{P(B)}$$

Examples

- Salary prediction

- Creditworthiness

- Clients segmentation

- Emergency analytics

Tools

Deep Learning Frameworks 2017

Demo
